- Tactile paving (Red) to controlled pedestrian crossings
- Proposed locations for new street furniture

Aesthetic improvements to railings on Bann Bridge

Natural stone paving from Bridge Street extends across Bann Bridge into Church Square.

'Gateway' feature lighting as entrance feature into Banbridge

Phase 1

Phase 2

Bridge Street

Bann Bridge

Church Square

Castlewellan Road

Integration of feature / bespoke paving units e.g. lyrics from 'The Star of the County Down'

New natural stone paving to area surrounding Crozier Monument to provide uniformity with surrounding public realm

Public realm improved to frontage of listed buildings through selective removal of tree to allow clear vista and room for new street furniture, including seating and litter bins

New asphalt surfacing to footpaths with natural stone trim and natural stone kerbs

Footpath at access increased to improve pedestrian circulation

Vehicle access defined by contrasting coloured paving

Existing bus shelter retained and updated

Re-alignment of central reservation to improve right turn into car park

Natural stone paving with contrasting coloured banding to define frontage to Crozier House with bespoke paving elements incorporated.

Kerb alignments modified to improve pedestrian crossings and circulation

Vehicle access defined in contrasting coloured natural stone paving

Entrance to car park re-aligned to facilitate easier pedestrian crossing

Bus bay retained and re-aligned to facilitate larger buses.
Existing bus shelter location retained and shelter upgraded

Illustrative image of feature Gateway light column

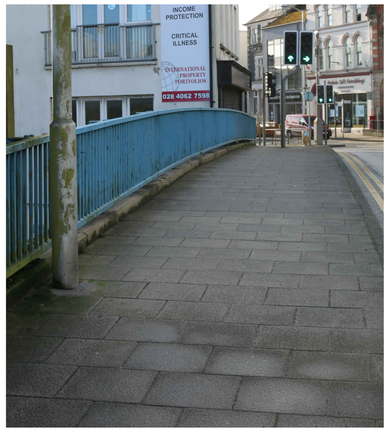

Image of existing railings on Bann Bridge

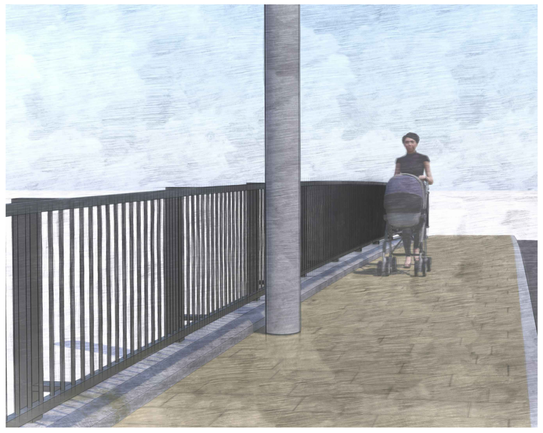

Artists impressions illustrating; resurfacing of footpath in natural stone paving with contrasting kerb and repainting of the existing railings

Illustrative image of text etched into top surface of natural stone paving in footpath - text to Bann Bridge footpath to reference local poetry
